# A Note From The Director

These are exciting times here at the Oceanside Library! Our construction continues apace, and despite limited space, we are continuing to provide a full slate of services, programs, and events. Our current estimate is that we will be back in the building sometime this summer—it's getting close!

Teens have been a focal point of our Library for years. We provide 100% of community service needs, with innovative programs like our Teen Tech Helpers (teens assisting patrons with their tech needs). Our late night study hall, held right before midterms and finals, provided students with a place to group study at a critical point. We are excited about the future; our new Teen Center (we call it The Beacon) will provide a place for teens to meet, study, and simply hangout— something we believe our community certainly needs.

For adults, we are in the midst of our new Winter Reading Club. Like our Summer Reading Club, submit reviews of the books you are reading and attend our programs to receive raffle tickets for great prizes!

Our latest new program is our Vinyl Club. Come enjoy discussing, and listening to those vinyl records so many of us grew up with.

Looking for something to do with the kids? Check out our “Backpack Explorer Kits”. Families can use these backpacks to explore various nature topics outdoors or in the comfort of their home. We have backpacks on hiking, water exploring, fishing, garden and nature preserves, rocks and exploring your own backyard. Come visit our Children’s Library for more information and start your adventure!

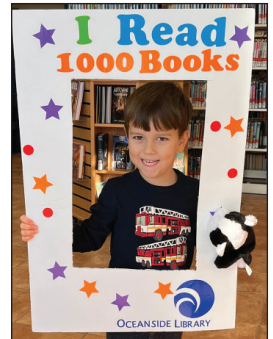

We monitor all kinds of data here at the Library. We are delighted that our circulation for 2023 was 14% higher than 2022 and is higher than pre-COVID (over 225,000 items). We regularly have about twice the percentage of our collection in circulation than the County average (ranging from about 15-20% of our collection). We attribute this to more modernized book displays, changes in our circulation policy, familiarity with our temporary locations, enhanced author visits and book clubs, collection development, cutting-edge programming, and the work of the amazing team at Oceanside Library!

Remember, our website [oceansidelibrary.com](http://oceansidelibrary.com) is available 24/7/366 (it's a leap year!). There you can see and register for programs and access our online resources, reading clubs, and services. You can reserve books, download an ebook or audio-book, reserve museum passes and so much more!

As always, we thank our wonderful community for your support. Your Library is here for you!
